

Sheboygan County Beekeepers Association
June 9, 2020

Call meeting to order
Attendance: 11

Minutes - May 19, 2020 Minutes are posted on the website. <http://sheboyganbees.org/scba/meeting-minutes/>

Treasurer's Report -

Checking account balance -\$1,089.97
Savings account balance - \$ 953.25
Motion by Kurt S. seconded by Ray N.

Old Business

- Try to reschedule Charlie Koenen. (Kathy will try again for the July meeting.)
- Canceled June Picnic

Correspondence - Kurt P. - There will be no Wisconsin State Fair this year.

New Business

- "A Million Dreamz" fundraiser - this was discussed. It will be brought up again at the next meeting and voted on. I'm including the information that Ken put together again with this Minutes Report, so you can look it over in detail. We would be purchasing a "picket" for a picket fence. We could have something on the picket, with a maximum of 17 letters. Shaun B. suggested "sheboyganbees.org". That would also give us some advertising. As of now we have 35 members for 2020. According to Robert's Rules of Orders.....

Defining a Quorum

According to Robert's Rules, the [definition of a quorum](#) is the minimum number of voting members who must be present at a properly called meeting in order to conduct business in the name of the group. A quorum should consist of a number that is as large as can be depended upon for being present at all meetings, when the weather is not exceptionally bad.

The definition sounds a little vague. It is! [Robert's Rules](#) developed that definition on purpose to accommodate the diversity of organizations that use parliamentary procedure. Our attendance at meetings is always changing from month to month.

I think that we just need a majority of those present. What do you think?

Questions sent from membership

- How do you deal with ants in the top cover of a hive?
 - Put cinnamon in there, bees don't mind, ants don't like cinnamon.
 - Put a container under the 4 legs and fill with old oil.

Hive report - It sounded rather positive from the members.

What to do with Bees this month?

- Try to keep them in the hive and avoid swarms. Give them room. Get supers on.
- Stop feeding them, there should be sufficient flower sources for them now.

Program: No program scheduled.

Motion to adjourn by Kurt P., seconded by Kathy P.

Respectfully submitted by Kathy

Next meeting - Tuesday, July 14th - most likely via ZOOM.
