Old Business

- Dan is checking further on **Nourish**. It is his thought that we would be able to use the facility for meetings in the future, at no charge. It was also brought up to possibly use **Nourish** for our November Holiday Potluck Meeting, they have a new kitchen facility. We will have to keep an eye on the virus situation and see at that time if it is possible, and members feel comfortable attending.
- Dan H. and Hannah J. are taking care of hives at **Nourish**. They are doing well.

Correspondence - Kurt P. - We contacted the American Bee Journal to get current costs for a subscription rate for members. That information was sent out to the club.

New Business - Send Thank you to Charlie Konen for his presentation.
