Old Business

- Any further information on the use of *Nourish*? Not really.

Correspondence -

- We have had a few contacts regarding "swarms", which have turned out to be in difficult spots, or hornets. We did have a call from the airport regarding a swarm on a jet. Ken took care of that; they were afraid of the bees being sucked into their turbo jet engine.
- Kurt called Gail at the ADRC to let her know that the remaining of our meetings will not be held at the ADRC building.

New Business -

- *Nourish* now has a Pollinator Garden, courtesy of a Falls Girl Scout Troup initiative.

Questions sent from membership

- Kurt mentioned that he is having trouble finding quart canning jars. Lois D. mentioned that she has purchased jars through WB Bottle Supply in Milwaukee.

Hive report - varied

What to do with Bees this month?

- Harvest honey, do mite checks, start to prepare for winter.

Program: None

Motion to adjourn

Motion to adjourn by Kurt P., seconded by Ken McC.

Respectfully submitted by Kathy

Next meeting - possibly Tuesday, October 13th - most likely via ZOOM.
